## Narrow Streets May Be Widened

The city planning commission is to undertake a study of Torrance's "half streets" to see how many of them might be expanded to full size, according to Earle A. Lloyd, planning consultant.

An example of a "half street" is Dalemead between Tandem Wy. and Weston Rd. in the Pacific Hills area, which is so narrow that cars have to park partially on the sidewalk and still there is not enough room for two autos to pass.

A prospective buyer of a home fronting on Dalemead said that the state had refused to certify it for a loan because of the narrowness of the street. A list of such streets has been requested by the planning commission from Ronald Bishop, city engineer. The problem was brought up by Commissioner James Minter.

## PTA's, Churches, Service Clubs Invited to Conference on Youth

Torrance area PTA's, service clubs, church groups, and other organizations were urged today to register for the Sixth Conference on Childhood and Youth, Mar. 29-31, by William B. McKesson, presiding judge of the Juvenile Department of Superior Court.

Judge McKesson, chairman of the planning committee, stressed that the conference will be Los Angeles area-wide in dealing with problems of children and youth. "Recommendations from past conferences have prompted the establishment of State-sponsored child care centers, juvenile forestry camps, pre-school dental clinics, and other measures," he said.

Opens March 29  
The conference will open Monday evening, March 29, at the Immanuel Presbyterian Church, 3300 Wilshire Blvd. Eight sessions will run concurrently all day Tuesday, March 30, with authorities discussing the pressing problems of childhood and youth.

Recommendations will be announced at the concluding session Wednesday morning, March 31, in the Coconut Grove, Ambassador Hotel.

Open to Public  
Judge McKesson said that all sessions are open to the public and that additional information may be obtained by calling Michigan 8821. More than 6000 churches, PTAs, clubs, and other groups in the Los Angeles area have been invited to send delegates to the conference, which is endorsed by 26 public and private organizations, Judge McKesson said.

Active in many youth organizations, Judge McKesson is new chairman of the Los Angeles County Youth Committee. He has been a Juvenile Court Judge since 1944, except for a two-year period (1945-47) when he served on the three-man California Youth Authority.

## Scholarship Deadlines Set By Marymount

Competitive examinations for scholarships to Marymount of Palos Verdes High School will be held Saturday, March 20, school officials announced today. Eighth-grade students from any public, private or parochial school are eligible to take the examinations which will run from 12:45 till 3:45 p.m. on that date.

Marymount will award two full tuition scholarships for four years of schooling, provided each winner maintains a high scholastic record while attending Marymount, school officials said. These full scholarships total \$1200 each in worth. In addition, several partial scholarships of from \$400 to \$800 each will be awarded, depending on the results of the examinations. The purpose of these scholarships, Marymount officials pointed out, is to offer monetary help and a means of fostering learning.

The scholarship awards will be made on the basis of the results of the competitive examinations, the past record of the applicant and the recommendation of the principal of the grammar school from which the student will be graduated.

Parents interested in sending their daughter to Marymount are urged to have the principal of their present school recommend the daughter of the Marymount Committee on Scholarships. As an alternative, the parents may write directly to the Committee at Marymount School of Palos Verdes, 30800 Palos Verdes Dr. East, Palos Verdes Estates or phone the Marymount principal at Frontier 7417 for further information or application blanks. All completed applications for the competitive examinations must be received by the school by Tuesday, March 9.

RED CROSS ANSWERS CALL... When there is a family problem, an emergency, this is the time that any soldier, sailor, marine, or air force man and his family can turn to the Red Cross. Priscilla and her Navy husband Allison Deal, 1901 Lomita Blvd., seen here with a lapful of Colleen Daphen, two and a half months, and Debora Gail, 15 months, found this out when their babies were born. The Red Cross provided a homemaker and financial aid in the family crisis. This is one of the many kinds of help that your dollars pay for when you give to the Red Cross. The fund-raising drive is now underway here and throughout Los Angeles county with a goal of \$3,009,150.

If illness or disaster should again strike while they are enroute across country—or in Norfolk—there is a Red Cross chapter nearby for them to call. And they know that help is always ready for them.
